Subject: Precious Metals Position Limits

CFTC;

I watched some of the hearing on March 25th, discussing speculative position limits in precious metals, and have been following other discussions on this topic for some time now and appreciate the opportunity to comment on this issue. Please establish and enforce appropriate position limits in COMEX and restrict any hedging exemptions from those limits to legitimate hedgers. Please stop the levels of concentration in COMEX silver futures that have been experienced over the past few years on the short side of the market. It's manipulation, pure and simple and it needs to come to an end now.

Sincerely,

Allison Rowe
