**Subject:** Re : Silver - Positions at Comex

---

Dear sirs,  
i take the occasion true, leave a comment on item limits for precious metals. Please provide a ceiling for silver positions at the Comex, which lie at a maximum of 1500 contracts. Exemptions for hedging transactions should be limited only to legitimate hedgers. Please stop you at the Comex silver futures concentration levels as those observed in recent years on the short side of the market.

With best regards  
Klaus Kuhlmeiy
