Subject: Position limits

Dear Sir;

Thank for being able to comment on the issue of position limits for precious metals. A speculative position limit in COMEX silver of no more than 1500 contracts would make a much more equitable playing field without 500 lb gorillas pushing price. Please restrict any hedging exemptions from those limits to legitimate hedgers. Please stop the levels of short side concentration in COMEX silver futures that have been experienced over the past few years in this market.

Sincerely,

William C. King
