Subject: Silver Futures Limits

Commodity Futures Trading Commission

Gentlemen:

I am a long time silver investor and have been concerned for years about concentration in COMEX of silver futures levels on the short side and appreciate the opportunity to comment on the issue of position limits for precious metals. You really need to establish a speculative position limit in COMEX silver futures in the range of 1000 to 1500 contracts. Please also restrict any hedging exemptions from the established limits to legitimate hedgers.

Sincerely,

Robert P. Robinson
