Dear Sir,

thank you for taking your time in investigating the future markets for silver.

I propose you to take in consideration the following article of Peter Boehringer in www.goldseiten.de:

http://www.goldseitenblog.com/peter_boehringer/index.php/2010/04/03/zensur-der-goldsilber-manipulation-im-ma

Mr. Boehringer alleges manipulation in the silver sector and a lot of commentaries is arising in Germany around this subject.

Thus it might be worthwhile for you to consider his arguments.

Yours,

Juergen Kremser
