Subject: Metals Position Limits

Dear CFTC / Commisioners. Thank you for investigating the possibility of establishing position limits in the metals market. I am a Canadian who purchases metals through the COMEX in your country.

Please establish a speculative position limit in COMEX silver of no more than 1500 contracts. Please restrict any hedging exemptions from those limits to legitimate hedgers. Please stop the levels of concentration in COMEX silver futures that have been experienced over the past few years on the short side of the market.

Thank you for your consideration.
