**Subject:** Please place position limits in COMEX silver

Dear Commissioners of the CFTC-

Thank for you for holding your most recent hearing on position limits in COMEX silver futures as well as for providing me the opportunity to comment. I urge you to place position limits in COMEX silver. While I believe certain folks should be allowed hedging exemptions, this exemptions should be restricted to legitimate hedgers only. Please put an end to the high concentration levels in COMEX silver futures.

Thank you-

Aaron Rothberg  
Keene, NH
