Subject: Please establish position limits for the precious metals

Dear Sir;

Thank you very much for the opportunity to comment on the issue of position limits for precious metals. Please establish a speculative position limit in COMEX silver of no more than 1500 contracts. Please restrict any hedging exemptions from those limits to legitimate hedgers. Please stop the levels of concentration in COMEX silver futures that have been experienced over the past few years on the short side of the market.

For more background information on how the COMEX short positions can be used to suppress the price of precious metals please have a look at this document: 'Gold Price Suppression 101 - The Gold Market Manipulation Exposed.pdf (37 MB)'. Sincerely,
