Subject: Proposed changes in leverage

To whom it may concern.

I have been made aware of the proposed changes in leverage for the Forex market. The proposed 10:1 is not necessary or appreciated in my opinion. Traders must take responsibility for their own risk, win or lose. I would much prefer you increase leverage back to where it was a while ago at 300-400. Going to a 10:1 ratio only hinders the majority.

Sincerely,

Dr Tor McLean
