Subject: cftc meeting

Sir; I wish to thank you very much for your March 25 CFTC meeting, in-part, to discuss existing issues relative to silver position limits and associated allegations of short side manipulation. I take this opportunity to urge your consideration and establishment of position limits not to exceed 2000 contracts and to restrict hedging exemptions, from those limits, to legitimate hedgers. This, I believe, will help stop the inordinate "short" concentration in COMEX silver futures that has been experienced over the past several years.
Best Regards, William Jordan
