Subject: Please Stop The Manipulation in Silver/Gold Market!

I now know exactly why I lost \$95,000 and blew up my account back in 2006/2007 when I was trading in the Comex Silver market. There is overwhelming evidence that manipulation is going on and for the CFTC not to do anything about this is ridiculous and absurd. Check out all the evidence:

You also know full well GATA have all the evidence you need to do something about this matter if you want to. Thank you very much for your time. May God Almighty bless the CFTC. Please don't be like the SEC.
