Subject: the game is up.

Even if the "mainstream" media managed to bury the story of a whistleblower who almost got murdered, the truth has come out, and it's no longer controllable. The CFTC needs to admit GATA has been right all along despite the decade of name-calling that has substituted for "argument." We have FACTS, and facts are inconvenient things. It's time, as Mr. Hommel said, to obey your own wall plaque.

THE MISSION OF THE CFTC IS TO PROTECT MARKET USERS AND THE PUBLIC FROM FRAUD, MANIPULATION, AND ABUSIVE PRACTICES RELATED TO THE SALE OF COMMODITY FUTURES AND OPTIONS, AND TO FOSTER OPEN, COMPETITIVE, AND FINANCIALLY SOUND COMMODITY FUTURES AND OPTION MARKETS.

It does not say anything about protecting JP Morgan's outsized silver short position. It does not say anything regarding "a strong dollar." It talks about fraud, and we have seen evidence being ignored of the biggest fraud in financial history. Why not stop it now??
