Dear Sir:

Thank you for the opportunity to comment on the issue of position limits for precious metals, specifically silver.

Please establish a speculative position limit in COMEX silver of no more than 1500 contracts. Please restrict any hedging exemptions from those limits as well to legitimate hedgers. Please stop the levels of concentration in COMEX silver futures that have been experienced over the past few years on the short side of the market.

In years 2005-2008, I was long silver and the market went against my contracts. Now I am realizing that I am likely a victim of FRAUD, regulatory structures having FAILED. I will accept market loss but not the sleazy "making" of J.P. Morgan ^{et al} and regulators. (My attorney is Powers Chapman - Troy Michigan)

Thank you for all your efforts to improve the integrity of the markets. (It is hard to stand up to this, a dangerous job but someone must. There is a report that J.P. Morgan attempted to murder a ^{trader} who spoke out on this.)
Best Regards
Doris Hale
