Futures Trading Commission

Dear Sir:

Thank you for receiving  
my comments and opinion  
on silver speculation.

My net worth is heavily  
invested in silver bullion. All of  
it was paid for in full.

Now at age 87 I plan  
to sell silver to maintain my  
standard of living.

I believe as I have  
since the 1930's depression that  
banks should be tightly  
restricted on speculation and hope  
you are so inclined. Regardless  
I feel you will be fair to large  
and small investors.
