OFFICE OF THE SECRETARIAT

DEAR SIR — ~~2010 APR 14 PM 2 19~~

Thank you for the opportunity to comment on the issue of position limits on the precious metals markets —

Please stop the levels of concentration in COMEX silver futures that has been going on the SHORT side for the last few years.

The speculative position limit in COMEX silver should be no greater than 1500 contracts.

These huge, concentrated positions are manipulating the markets, how could these huge shorts not effect the market?

The longer this goes on the worse the effect will be to our financial markets when it finally crashes —

Thank You —
