Subject: CFTC hearings March 25, 2010

Hello, I am unable to find the Commissioners email addresses online...they used to be available....would you please forward my email/letter to all of them please.

Dear CFTC Commissioners,

I find it sad and very questionable that you have denied participation to the March 25 th hearings, to

Chuck Butler.....he is a WEALTH of knowledge and insight, to the problems with the Silver/Gold

manipulations going on in the COMEX.

Denying him access to present valuable information, can only be viewed as, a confirmation that

you, the CFTC, are NOT serious about discovering the fraud going on in this market.

It's a sad day, to be sure. I will contact my government representatives concerning this matter.

Sincerely, *Mark Soderberg* 3/18/2010
