Subject: Leverage Proposal

Dear CFTC,

"We believe that all traders should have the right to choose the amount of leverage that is appropriate for his/her risk appetite, and that this basic principle of 'choice' is being threatened by the proposed CFTC regulations." (Forex.com)

I stand by Forex.com's views pertaining this change. I am a very small time trader that supplements my loss in wages due to recession with currency trading. nYour change would make that impossible for me.
