Subject: Over Reaching Conrols

The U.S. Commodity Futures Trading Commission (CFTC) announced on January 13, 2010 that it is seeking public comment on proposed regulations concerning retail forex trading.

As part of the proposed regulations, "leverage in retail forex customer accounts would be subject to a 10-to-1 limitation," which means 10:1 leverage would be the maximum amount allowed for forex traders in the U.S.

HOW WOULD THE PROPOSED CHANGE AFFECT YOU?

This would be ridiculous and as a result of this proposed change , I would stop trading.
