Dear Secretary,

I strongly believe that I, as a Forex trader have the legitimate right to choose the amount of leverage and risk. No one ever should have the right to select for me what amount of risk I am able or have the right to afford. This is absolutely MY decision and no one else's. This kind of proposals ARE NOT in the best interest of Forex traders and will cause enormous damage to the industry in general.

PLEASE STOP INTERFERING WITH OUR RIGHTS!

Thank you.
