Subject: Regulation of Retail Forex

Hi,

I refer to your news release on 13th January 2010 on the topic on

CFTC Seeks Public Comment on Proposed Regulations Regarding Retail FOREX Transactions

I am a small retail forex trader, I think the latest proposed on limiting the 100-1 leverage to 10-1 is limiting the leverage market for small investor like us.

I felt that 100-1 is a nice leverage if not 50-1 is not too bad.

Regards
Desmond
