Subject: Regulation of Retail Forex

To: David Stawick, Secretary Commodity Futures Trading Commission

Dear sir,

As a Forex trader I should have the right to choose the amount of leverage that is appropriate for my risk appetite, and that this basic principle of 'choice' is being threatened by the proposed CFTC regulations.

I do not agree with the proposal to decrease the leverage to 10:1 level.

Sincerely,
Nikolay Sendetskiy,
RIN 3038-AC61
