Subject: Regulating Retail Forex

To Whom It May Concern:

My name is Connie Hume and I live in Orlando, Florida. After losing my profession as realtor due to slumping home sales and my husband also losing his business in the tourist service industry we both have been forced to look elsewhere for careers. We both feel we have a possibility with retail Forex. We are both over 50 years of age and hiring possibilities simply don't exist. We are already in jeopardy of losing our home since our savings account is rapidly depleting. At this point in our lives Forex seems to be our only hope. If this new rule is implemented it will destroy us. We may be forced to move out of the country to trade freely elsewhere.

I implore you to please consider the consequences of thousands if not millions of individual Americans like us who are at the end of our rope.

Thank you sincerely
Connie Hume
