Subject: Proposed changes to Leverage.

Dear Sir / Madam,

I have just been made aware of the proposed changes to leveraging ratios in the Forex market.

As a forex trader, i find this absolutely ludicrous as does virtually every other forex trader.

Why in the hell would you want to squeeze the life OUT of forex trading when so much money is made from it and circulated as a result of it.

If the people who dreamed up this idiotic proposal had half a brain, they would realise that it is a stupid non constructive, non productive concept.
