Subject: Regulation of Retail Forex

RE: identification number **RIN 3038-AC61**.

To Whom It May Concern;

I am writing this comment because CFTC propose to change the Retail Forex Leverage limits from 1:100 to 1:10. I am an active trader in Forex market and this change I believe will effect the market as whole. Not to long ago this leverage drop from 1:200 to 1:100.

I believe the LEVEREGE FOR FOREX MARKET SHOUL BE 1:100 For STANDART ACCOUNTS and 1:200 for MINI ACCOUNTS. This Limits will win unonomusly if there will be a vote to seek public or traders opinion in this matter.

Thank you so much for reading my comment in this matter.

Best Regards
