commenter_subject: retail FX 10:1 lvrg = NO

commenter_comments:

the 10:1 lvrg in retail FX market would
not change anything in the market, it will push all
"us 50k acct" out of the US and over to other
countries and most forex brokers would do the same
because they will loose alot of customers. DO NOT
EVEN consider taking down the lvrg leave it at 1:50
at least
