Subject: "Regulation of Retail Forex"

*Greetings:

In Response to the proposed changes to account leverage i would like to maintain the freedom of choosing my own investment risks. I as well as every other

FOREX trader i know prefer to manage our own destiny without more rules and regulations to hinder our ability to profit. Isnt FIFO, NO HEDGING, 100:1

leverage, enough restrictions already?? What is wrong with you people?

We do not need more protections from ourselves, We can decide our own fate as granted

to us by the UNITED STATES CONSTITUTION which holds LIBERTY AND FREEDOM at the highest level. So please do not trample on that which so many have died to preserve and protect.

Regards,
Kurn Wheeler.
