Subject: Regulation of Retail Forex

Reference RIN 3038-AC61

Dear Sirs,

I would please like to ask that the proposed change of leverage from 100:1 to 10:1 not be implemented. I am very much against the proposed regulation. It will force me to relocate to an out of country broker. Something I do not wish to do but **WILL** if the change is made. The proposed change will send a tremendous amount of money out of this country and cause many companies to relocate taking many jobs with them.

Please reconsider and not proceed with the change.

Sincerely,
Val Halla
