Re: Cross-Border Application of the Registration Thresholds and Certain Requirements
Applicable to Swap Dealers and Major Swap Participants (RIN 3038-AE84)

Dear Chairman and Secretary:

The Americans for Financial Reform Education Fund wrote a letter urging the Commission to strengthen a proposed rule that would fatally weaken the implementation of Title VII of Dodd-Frank and its application to CFTC-regulated derivatives markets. The Commission should step back from course outlined in the proposed rule and restore other regulations for better oversight of derivatives markets.

Take time to review these comments and give them the weight they deserve.
