In response to the below statement:

FX Solutions is a proud registrant of the CFTC and member of the NFA and we will continue to cooperate with the CFTC and NFA in their efforts to eliminate fraud and deception within the Forex Market. However, we believe that you should be given the freedom to choose the appropriate amount of leverage for your individual trading style and risk tolerance.

My preferences:

400 to 1 is preferred

100 to 1 we can live with

10 to 1 is **not** acceptable at all, will not work for most people..

Thank You for accepting my vote...
