Subject: Regulation of Retail Forex

RIN 3038-AC61

Hi,

Good work !!, with your new 1/10 leverage in forex you will help US brokers starve !

I , as a European don't care much, since regulators in european countries THINK before acting, unlike you, but i feel really sorry about the finicial industry in USA....keep doing this amazng job, you will find yourselves jobless, since you won't have ANYTHING to regulate !
