Subject: Regulation of Retail Forex

NO to RIN 3038-AC61

RIN 3038-AC61 is another form of Reduced Individual Freedom for the American Investor.

I do NOT Support Government Regulation of Limiting Leverage on Forex Accounts. . . This is rightly the Choice of the Individual !

If the Government Actually Wants to HELP the FOREX Community then Simply Monitor Forex Broker Feeds to Ensure they are Not Being Manipulated Unfairly.

That Alone would Help Restore HONEST Trading Practices.
