PROTEST AGAINST RIN 3038-AC61 10:1 leverage proposal

Dear Sir,

I have two accounts with US based brokers. I like to have brokers subject to regulations and controls as in US. If this 10:1 leverage proposal pass I am sorry but I'll have to move my capital from US to avoid blocking too much capital where it's not needed.

Please reconsider and let 100:1 leverage as it is.

Best regards.

V.D.Deica
