Subject: Regulation of Retail Forex

For Identification Number RIN 3038.AC61, I want to voice my opinion on the suggestion of raising margin requirements for traders. Please keep the margin requirements the same so the small traders are able to trade with lesser money, but are able to increase trading amount at their own will. I love the program you guys have as it's set up now so my suggestion is "If it's not broke, don't try to fix it". Keep margin as is! Thanks Jerry
