Subject: Regulation of Retail Forex

REF: RIN 3038-AC61

I would like to express my opposition to the proposal for 10:1 leverage limits on forex trading. Right now this is my only source of extra income because I can start with as little as \$100. Under the new proposal I would need at least \$1000 to make the same amount. I don't want to increase my risk as this would essentially do. It will drive many retail traders that don't want to speculate with a lot of money to unregulated and offshore brokers. I don't think this is what we want. Please reconsider this part of the proposal.

Sincerely,
Jay Media
