**Subject:** Regulation of Retail Forex

---

Dear Sir,

I've learnt that cftc intends to decrease the leverage allowance for retail traders like me.. Sir this way you'll only hurt our interests as we'll not be able to make up for earlier losses with decreased leverages.. which we are able to recoup now..

Pls do not decrease the leverage.. rather make provisions for brokeres to arrange to increase it.. Pls dont hurt small traders like us by these arbitrary terms..

Thanks & regards
