RE: identification number **RIN 3038-AC61**

Dear Mr Secretary,

I would like to add my voice to the disagreeing body **against** the CFTC proposal to restrict leverage across the board to 10 to 1 leverage.

I have been working hard for the past three years learning Forex trading and am now at the point were I am not losing money. My equity curve has turned positive. I would like to continue and become a Forex trader for a living. This CFTC proposal will eliminate the possibility for my continuing Forex plan.

I fully understand the risks involved with Forex trading.

Best Regards,

David Talbott
