Subject: Regulation of Retail Forex

RIN 3038-AC61

Dear U.S. Commodity Futures Trading Commission (CFTC) ,

The change of leverage from 100:1 to 10:1 cause serious damage to the retail FX clients it is force us to fund the account with Large amount of money to be able to trade Forex, which would be so difficult for small traders in Forex, and I believe that we should be given the freedom to choose the appropriate amount of leverage for our individual trading style and risk tolerance .

I claimed to keep the leverage as it is without changing

Thanks .

**Tommy Max
(retail forex trader)**
