Subject: Regulation of Retail Forex

Hi my name is Adam Morris. One of the best parts of trading is the leverage. If this 10:1 max leverage law is passed most people will have to move their money overseas. This will cost many people their jobs and not help the economy. Everyone who trades forex should know there is risk involved. Please do not make people move millions of dollars overseas and thousands of jobs lost just to try to childproof the trading of forex. It is great just the way it is. If it isn't broke don't fix it. Thank you for your time and I hope you do not pass this law. -Adam-
