Subject: Regulation of Retail Forex

To whom it may concern,

RIN 3038-AC61

How is a 10:1 leverage suppose to help us? Aren't you suppose to provide a safe environment to trade in, not kick us out of the game, which is what will happen under the new cap being considered.

This 10:1 cap is abusive and quite damaging to the overall success of all involved and will, eventually, hurt the system, not help it.

Why not let people decide what leverage to use?

Respectfully,

Joe Huguenard
