What's all the fuss? I have a 60k account..I trade 10 standard lots and average 10 pips a day and make close to 20 k a month. If this rule goes into effect, I now how to have a 600K account to do the same thing. Just because you probably trade mini-lots and it won't effect you, don't assume that people who make **real** money won't get affected. This isn't a stupid little game to me...Hell no to 10:1
