Subject: Hello

Hello,

I believe that you should have a choice if you want 100:1 leverage or 10:1 leverage. Isn't that what America is all about choices. Anyways, making it mandatory for 10:1 leverage would make thousands and thousands of investors think twice if they would want to trade the forex market. It is the one true market out there and I think it should stay that way.

Sincerely,
Peter Apicella
