Regarding the proposal to downsize leverage offered by brokers from 100:1 down to 10:1... Much of my family has succumbed to medical handicaps which makes us unable to hold a standard job in the best of conditions. The current recession of our economy, especially at the local level, has taken its tolls on us. To downsize the leverage offered would severely handicap my ability to trade at a level capable of sustaining my family, as this is currently our only income. Thank your for your attention to this matter.
Kindest regards, Keith Grant, Nashville TN.
