Subject: Forex Trading Margin Proposal

To Whom It May Concern:

This letter is to ask you not to change the trading margin on Forex to 10-1. I am retired and I have lost most of my pension from United Airlines due to their bankruptcy. I supplement my partial pension with Forex trading. Without this additional income, my wife and I cannot make it financially. If you reduce the margin, I do not see how we can make it financially.

I strongly believe that this is another attempt to squeeze out the "little guy" in favor of large businesses, such as banks.

Thank you for your consideration,
