dear sirs-

a lot of people including myself look to forex as an augmentation if not a solution to the present economic crisis

taking the existing leverage away in this market for state bound traders in my opinion is not only unwarranted but against the freedoms we enjoy in this country as the constitutional right for entrepreneurship and capitalism that has made this the great country it is

liberalism and socialistic values are already eroding this pillar upon which we were formed...I URGE YOU NOT TO LET THIS CHANGE TAKE PLACE!! IT IS UNAMERICAN IN NATURE
