Subject: Regulation of Retail Forex

Dear Secretary of CFTC,

I am opposed to the new proposal of setting leverage of 10:1 for retail forex. I am somewhat happy to see that CFTC is beginning to regulate the retail forex market. However, this new proposal leverage of 10:1 will destroy many dreams of another income opportunity. It will drive many small accounts to offshore where it may encounter more fraud on foreign soils. I personally like to keep my account in a US broker. Hopefully this 10:1 leverage proposal won't be passed so I can keep my dollars in the United States to achieve the American dream. Thank you very much.
