Subject: Re: Regulation of Retail Forex

RIN 3038-AC61

Hi

Regarding the proposed Regulation of Retail Forex changes (RIN 3038-AC61).

I understand that you would like to limit losses of FX traders.

Traders loose money because they do NOT know what they are doing, not because of leverage, or hedging. I am one of them.

Limiting the leverage does NOT prevent traders from entering maximum lot size per their account size and therefore loosing their account faster.

So therefore I think that your proposed changes will only affect those who Do know what they are doing, and as a result are not loosing their accounts.

Thank you
