**Subject:** Changing The Margin On Forex?!

---

Hello, my name is Bryan Waite.

As I'm sure you are aware, I {WE as Americans} are no longer interested in watching elected officials and government employees do as they will. I {WE} know that you know that we are watching you because we sent this message by overwhelmingly electing Scott Brown {Republican} as our representative to the U.S. Senate in Massachusetts! A state predominantly filled with Democratic, Liberal minded Americans!

You are OUR employees, we PAY YOUR SALARY and if WE aren't making money, NEITHER ARE YOU!

The truly shameful part I {WE} have to play as Americans is that I {WE} have not held you, our employees to account and allowed you to do whatever you've pleased. That time has come to an end and WE are awake.

Do NOT change the margin on Forex from 100:1 to 10:1 - "This proposal discourages beginners from developing and strengthening their trading style. It effectively prevents investors from evaluating their own appetite for risk and making personal investing decisions." {Alpari, 1/25/10}

It is senseless and it's NOT going to make a difference for ANYONE, least of all YOU the employees of the Citizens Of The United States Of America!

American Citizen and Master Trader,

Bryan Waite
