Subject: Regulation of Retail Forex

Regarding the identification number: RIN 3038-AC61

I am against regulating the Forex margins too much for retail customers like me. This isn't what caused the banking meltdown. Dealer/brokers won't allow us to trade if we don't have enough in our account anyway. There are already safeguards in place that prevent us from losing more than what we have in our account.

I believe that all traders should have the right to choose the amount of leverage that is appropriate for his/her risk appetite.

Thank you,
Scott
