**Subject:** Regulation of retail forex

---

Hello.

I am writing to voice my displeasure of the regulation on retail forex traders. From what I understand the leverage will be changed to make it almost impossible for the small time investor such as myself to be able to trade. I am only trying to supplement my income and I dont feel I should be penalized and regulated because I am not a hedge fund or monster institution.

I vehemently oppose this regulation.

In protest,

Melody A. Burgess
