Subject: Please do not hurt the small trader!

Dear Madam/Sir,
You have already taken the security, of the small trader, to hedge his position in a currency pair trend change, This has wiped a lot of small traders out.
If you reduce the margin leverage from 100 to 1, to 10 to 1 you will effectively wipe out most of the rest of the small traders.
Please give us a break and if you have to regulate pick on the big guys that can afford it.
Yours Sincerely
John Slocombe
